STREET COMMISSIONER HETT

His Doings Ventilated at Meeting of the Aldermen.

Says He Never Has and Never Will Take Orders From the Mayor.

The regular meeting of the board of mayor and aldermen was held on Thursday evening, with just a quorum present. Those who answered to the roll call were Ald. Brown, Bates, Borthwick, Hallam and Brackett.

The records of the last meeting were read and approved.

A bill of \$200 from Henry Colon against the city for use of a strip of land between Pray and Partridge streets for eight years, at twenty-five dollars a year, was referred to the committee on claims.

A communication from J. Albert Sanborn, calling attention to the condition of the fence on the eastern side of Langdon park and requesting that it be done away with altogether, also asking to have the boundary straightened by a gravel walk, was referred to the park commissioners, the city having no authority in the matter.

The city auditor's report of approved bills to the amount of \$4555.53 was read and on motion of Ald. Brown was ordered paid.

Ald. Hallam inquired if the abutters on Middle street, where it was proposed to widen the street, had accepted the offer of the city in regard to land damage.

Mayor Tilton stated that he had heard nothing from them, but said further that they would have to accept the amount or appeal to the courts.

Ald. Bates asked who owned the land on Richards avenue which was formerly used as a reservoir and when told that it belonged to the city, suggested that it be sold and the proceeds be used to purchase land for an engine house at the west end. His idea was to station one of the fire engines not in use in that part of the city, where it is badly needed.

Ald. Hallam made a strong plea in favor of the same idea, saying that that part of the city had no protection in the fire fighting line nearer than the heart of the city and a piece of apparatus should be stationed there.

Ald. Bates said the old blacksmith shop near the bridge was vacant and could be secured and fitted up at a very little expense. A portion of the building could also be used as a ward room.

On motion of the same alderman the matter was referred to the committee on fire department to report at the next meeting.

Ald. Hallam called the attention of the board to the dangerous crossing over the Concord & Montreal railroad, near the Creek bridge. He said there was hardly a time during the day but freight cars were being switched back and forth there and unless something was done a terrible accident would happen some time.

Ald. Brown said he did not know how it could be helped unless gates were placed there, as the switching had to be done and the yard could not be moved.

On motion of Ald. Hallam the mayor and city solicitor were authorized to consult with the railroad people to see if they would not have gates put there. Ald. Brackett then sprang a little sensation by asking if the city clerk had received any money for stone sold lately. He understood that some of the stone purchased by the city lately, the bills of which had been approved at the last meeting, had been sold by the street commissioner. The stone had been taken from a sidewalk, which left the walk in a dangerous condition.

The city clerk said he had received no money for stone and had nothing to do with the street department.

A general discussion then took place in regard to the work of Street Commissioner Hett, in which was plainly seen that Mr. Hett was doing about as he pleased.

Ald. Brackett said he had asked the commissioner a number of times to cover the blazes where he was at work in the south pit before some accident happened and Mr. Hett promised to do so, but he never did. Large stones, weighing several pounds, have come dangerously near doing serious damage in the past few days. Mr. Griffin's house had been considerably damaged, while a huge fragment of ledge knocked a lot of the ceiling down at Mr. Lowe's house, hundreds of feet away. People who passed the pit on South street or walked in the cemetery did so at the danger of their lives. Now, if Mr. Hett did not intend covering his blazes he should be made to do so if there was

any power in the city councils to make him.

Mayor Tilton said he had requested Mr. Hett to cover the blazes and supposed he had done so.

To this Ald. Brackett said he had heard Mr. Hett say he had never done anything the mayor had ordered him to do and that he never would.

Ald. Brown thought that there was power enough in the city councils to stop Street Commissioner Hett from doing any such work, and he asked the mayor if anyone had any authority over him.

Mayor Tilton said he could be suspended.

Ald. Brown said it ought to be done. Ald. Borthwick said he knew nothing about the commissioner's selling any stone, and had also requested him to cover over the blazes at the south pit.

Ald. Bates moved that the matter be referred to the committee on streets to investigate.

Ald. Brackett offered an amendment to refer it to the mayor and city solicitor. The amendment passed by a unanimous vote.

Adjourned until Thursday evening, Dec. 1st.

IN THE NAVAL WORLD.

Two hundred sailors arrived at the New York navy yard from Newport News, Thursday, and were sent to the receiving ship Vermont.

Two war vessels captured from Spain arrived at Key West from Guantanamo on Wednesday. They are the Alvarado and the Sandoval. The Sandoval was at Guantanamo when that place was surrendered, but was treacherously sunk by the Spaniards. She was raised and repaired and has recently been engaged in duty off Santiago. The Alvarado is bound for Portsmouth.

The armored cruiser New York sailed from Tompkinsville for Newport News Wednesday. The provision ship Glacier reached Santiago Wednesday. At Norfolk Thursday the Frolic was placed out of commission. The Dupont was placed out of commission at Newport. The Wasp was placed in commission at Norfolk. She will be transferred to the Illinois naval reserve.

RAILROAD NOTES

One of the cars attached to freight train No. 248, Conductor Hanson, left the rails outside of the depot on Thursday evening, causing a slight delay. The train was moving slowly at the time and no damage was done.

The excursionists from North Conway and way stations on Thursday made a grand rush for the B & M restaurant on the arrival of the train in this city and Manager Mulcahey and his assistants were kept busy during the time the train stopped here.

The cars attached to conductor Wesley Abbott's train, which arrived in this city from Wolfeboro on Thursday afternoon, had their tops covered with snow. Conductor Abbott stated that it had snowed a good portion of the day up North and that there was about two inches at Wolfeboro.

An excursion train of 12 cars, containing about 700 persons from points along the Northern division of the Boston & Maine railroad, passed through this city shortly before noon on Thursday bound to Boston and the Mechanics fair. The train was in charge of Conductor Samuel Charlesworth.

WILLIE ASKS MORE QUESTIONS

Notes Joe Hett Next to Washington and Ahead of Dewey

Say Pa.
What is it Willie?
Did he find it?
Find what?
Trouble?

What are you talking about?

Well I heard na say last night that you had gone to Music hall to see Joe Hett looking for trouble and she hoped he'd find it.

Your mother don't know everything Willie.

O, I don't know Pa. She can generally give you cards and spades on what's going on around town and don't go out of the house at that.

That will do Willie, run to the window and see if you can see an electric car coming.

But Pa, you know you told me to ask about anything I didn't know about.

Yes Willie, what is it now?

What nationality is Joe Hett?

You mean street commissioner Hett, Willie?

Yes father.

He is a German, why?

I want to write to the head man of the country and congratulate the nation on the sending out, to benefit the world, such a remarkable personage.

Where did you get that idea Willie?

Who says he is such a great man?

Why my teacher says he ranks next to Washington, Pa, and is ever so much bigger than Dewey.

What did he ever do Willie? I never saw any melted cannon in his back yard.

My teacher says he is the man who stood on Maplewood avenue bridge and shouted to the north pond "back! you rushing waters, or by the eternal heavens I will dam ye forever more."

How did he come out, Pa, the waters did that.

Is that your only claim for your idol, Willie?

Oh no, Pa, that is merely one of his many miracles. He has the secret of road building tightly bound up in his middle and can tell, without consulting his dream book, just how to mix his celebrated top layer on Bonnett street. In crumbing stone he is a regular tailor. His crushed stone for stable floors is the very latest and Jackson & Co say it is all right. As a politician he is a veritable Tom Platt. When he pulls the string police magistrates dance, aldermen go daffy and henchmen rattle dry bones.

Anything more Willie?

Yes Pa, Joe Hett is the only—

Say that will do for Joe Hett, Willie.

I will see the superintendent of schools to-morrow and have you transferred to a district where things are not so hot (Hett). If I see you talking with Frank Marks again I will make you ride through Vaughan street three times on your bicycle for punishment.

Willie in an aside said I am his only son.)

A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost peeled, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle, at the Globe Grocery Co.'s store.

Those Dreadful Sores

"For many years I have been a great sufferer with various ulcers on one of my limbs. My foot and limb became dreadfully swollen. When I stood up I could not get the blood rushing down the veins of this limb. One day I accidentally hit my foot against some of the furniture and when I continued to spread and was exceedingly painful. I concluded I needed a blood purifier and began taking Hood's Sarsaparilla. In a short time those dreadful sores which had caused me so much suffering, began to heal. I kept on faithfully with Hood's Sarsaparilla, and in a short time my limb was completely healed and the sores gave me no more pain. I cannot be too thankful for the wonderful work Hood's Sarsaparilla has done for me." Mrs. A. E. Gibson, Harland, Vermont.

THE HERALD.
FRIDAY, NOV. 11, 1898.
Has Insulted the Mayor
EDITOR HERALD.—I read in a morning
paper how Street Commissioner Hett
boasts that he has not done a thing so
far that the mayor has told him and
don't propose to commence now, or
wants to that effect. Mr Editor, to my
way of thinking Street Commissioner
Hett has grossly insulted Mayor Tilton,
and an insult to the chief magistrate of
our fair city is one which should be re-
sented by every man, woman and child
within the confines of old "Strawberry
Bank." We elect a man once in every
twelve months as mayor to preside over
our city, much the same as a governor
presides over the commonwealth. In
this man we put great faith and stand
behind him in all his acts, for has he not
taken an oath to faithfully represent our
city and its people, to assist them when
in need, and protect them in the hour
of danger. The laws of the city are
such that the mayor has but little power
over the street commissioner but it was
never intended that he should openly
defy the mayor and publicly boast that
he never had or never should carry out
an order of his.
Let us see what it is that the mayor
requests the street commissioner to do.
The street commissioner is doing some
blasting on South street and does not
cover his blasts. Citizens complain that
their property has been damaged. All
Brackett says that the life of his daugh-
ter and hired man has been endangered.
Mayor Tilton orders the street commis-
sioner to amply cover his blasts. Does
he comply with the order? No. He
openly defies the mayor and the uncer-
eared blasting still goes on. Was Mayor
Tilton right in protecting the lives of
the people from flying stones and per-
haps the city from a law suit? I say he
was and that Mr Hett has publicly in-
sulted the Mayor of Portsmouth and in-
directly insulted every man who voted
for the mayor. This is not Germany,
but the land of the free. There ought
to be some way to convince Mr Hett
that old world customs would have
been better left behind.
Portsmouth, Nov. 11, '98.

Hope it is so
It is rumored that the large brick
block on Water street, the front part of
which is occupied by Mr A C. Amazon,
has been leased by New York parties,
and that a well known shoe firm is soon
to establish a business there. In an in-
terview with a Herald representative
Mr Amazon said that the premises had
been looked over by a party of strangers
and he sincerely hoped that that was
their object.
If this is true it will be good news to
the residents of the south end, and will
afford employment to a large number of
persons. The block is a large one and
extends some two hundred feet back
onto the wharf.
An Elegant Flag
Mr J H Emery of No 36 South street
has hoisted an elegant fifteen foot flag
at his home, on a pole sixty feet high,
and it attracts a good deal of attention
and many comments from passers by.
The flag was made in New York and Mr
Emery took particular pains to have it
raised early on the day of election. Mr
Emery is very patriotic and takes great
pride in hoisting the glorious stars and
stripes.

FATAL ACCIDENT.
Edward Potter Struck by Fast Ex-
press and Dies From Injuries.
WAS DRIVING ACROSS TRACK OF NORTH HAMPTON
WHEN ACCIDENT OCCURRED.
Edward Potter, thirty eight years
of age, employed at Stoddard's liv-
ing stable on Vaughan street, was
struck by train No 127 at North Ham-
pton on Thursday evening, receiving
injuries from which he died while be-
ing taken to the Cottage hospital.
He was discovered lying by the
track by the engineer on the Bar Harbor
express, due in this city at 9 15 o'clock.
The train was stopped and the in-
jured man taken into the baggage car.
Dr. Lavoie of North Hampton was
called to attend him.
He ordered his removal to this city
where he could receive proper care,
but he died without regaining conscious-
ness, while being conveyed to the Cot-
tage hospital.
Drs. Towle and Pope had been noti-
fied while the train was on the way here
and were at the depot to do anything
they could for the injured man, but he
was beyond all medical aid.
Coroner Prime was at once notified
and the body taken to Undertaker
Nickerson's rooms on Daniel street.
Dr. Pope had sent Mr Potter to
Hampton to take the temperature of
some sick cows and it was while on his
way out there that he met his death.
This morning the coroner visited the
scene of the accident to learn of the par-
ticulars of Potter's death. It seems as if
the man must have been dozing or else
he thought he had time to get across in
advance of the train. The locomotive
struck the hind wheels of the baggage
car, smashing it into kindling wood and
hurled Potter some forty feet away
where he struck on his head fracturing
his skull near the base of the brain. The
body was cleared from the wreck and
recovered without a scratch.
The unfortunate man has a brother
in New York city and letters found in
his pockets show that the brother was
here to visit him not long since.
The coroner decided an inquest un-
necessary and will hold the remains to
try and locate the man's brother who
is supposed to be traveling on the road
somewhere in New England.
Potter has made his home in this city
for the past five or six years, and pre-
viously worked in a stable in Rochester.
It is not known whether he has a family
or not but has been heard to say that he
had a home in New York.

To Contest the Election
Mr D. W. Badger, democratic candi-
date for moderator at the recent election
in Newington has given notice of a con-
test on the grounds of illegal action
by the town clerk. It is alleged that
the law relating to the custody of the
official ballots had been violated by the
town clerk, who brought the package
to the meeting, with the seal broken
and one ballot missing. The clerk
claims it was through ignorance of the
law that he opened the package, and
that the missing ballot may have been
the result of a miscount at Concord,
the vote for moderator on Tuesday
being 51 for each candidate. The
meeting adjourned to meet at two
o'clock on Saturday afternoon, to try
again.
